R. RANGA RAO, ESQ., B.A., B.L.,
General Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

RR 23/2/31 24/2

Subject :- (1) Fruit Nursery (2) Horticultural Inspectors (3) Wasteland Plantations and (4) Horticultural School.

Sir,

I have the honour to state that the following schemes sanctioned under government order Nos.D. 11078-8/G.G.~~34~~43-29-1 and 11175-7/G.G.51-29-14 dated 4th and 5th April 1930 have to be continued next year and funds required for their maintenance, contingencies amounting to Rs.1600 as detailed in the accompanying statement have to be provided for in the next year's budget of this department in the circumstances explained below :-

(1) Fruit Nursery :- This question has already been dealt with in detail in letter No. 44 dated 28th ultimo and as referred therein a sum of Rs. 1,500/- is absolutely necessary for the maintenance of the Nursery in view of the usefulness of the section. Every year 5,000 plants are being distributed to the public free of cost.There are at present 10,000 plants in stock.

(2) Horticultural Inspectors :- At present there are three inspectors one in each of the districts, Bangalore, Hassan, and Kadur. This is found to be inadequate in view of the fact that a

large number of applications are being received from private orchardists from the districts for advice on various horticultural subjects. The Revenue Department also sends requistions for inspecting the lands of applicants for fruit loans. As a result of propaganda work done by the district staff, large number of people are taking up fruit cultivation year after year. We are distributing as many as 20,000 fruit trees both indigenous and Australian to ryots every year. Hence it is very essential to have at least one inspector in each district.

(3) Wasteland Plantation, Tumkur:- As there is water difficulty, the President of the Muncipality was addressed in the matter and he has promised to supply water if paid for. 2,000 economic plants have been planted and established at the plantation and 20,000 seedlings of economic and avenue plants were raised and a large number was distributed to ryots and the municipality. The amount required to meet the water charges will be about Rs. 200/- and the amount required for the maintenance will be Rs. 800/- so that the total provision required next year will be Rs. 1,000/-.

(4) Horticultural School :- There is provision for three classes each containing 12 students. The demand for the trained students is increasing and it is desirable to continue the School. As the school cannot be managed by one Instructor, it is necessary to have the services of a demonstrator to guide students in practical works. The demonstrator will also be able to take up the classes in the absence of the Instructor on leave. It is not possible for the Instructor single handed to mangge all the 3 batches without the help of a demonstrator.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Horticulture.

The Director of Horticulture met the Third Member of Council at 2-30 p.m. on the 13th April 1931 in connection with the retrenchments in the Horticultural Department. The following decisions were arrived at:-

(1) Vacancies not to be filled up as far as possible.

(2) Out of the staff of the Public Works Department working under the Director of Horticulture the following places may be abolished:-

One Draftsman, one clerk and one peon.

(3) The grant to the aviary may be reduced to Rs.2,500/-

(4) Two scholarships in the Horticultural School may be abolished.

(5) The place of Mr.Rama Rao whose services are (or are being) lent to the Palace should remain vacant.

(6) The grant to the New Mansion Grounds Works may be fixed at Rs.10,000/-.

(7) The subvention to the Horticultural Society may be reduced by half.

(8) The question of getting a contribution for the Waste land plantation at Tumkur from the District Board should be examined.

(9) In the grant of about a lakh of rupees for the Lal-bagh, parks and other gardens, a saving of about Rs.10,000/- should, if possible, be effected.

The Director may also be given larger grants for labour and contingencies in the Seed Depot and Sunkal Farm as it will enable him to realise a more than equivalent revenue.

To

The Director of Horticulture

Sir,

With refer to your letter No. 61 dated the 21st Feb 1931 ~~from the Director of H~~ requesting sanction for the provision of 1) Rs 10000/- for Horticultural Inspection 2) Rs 10000/- for wasteland plantation and 3) Rs 3500/- for the Horticultural School in the next year's budget. I am directed to state that provision has been made for ~~only~~ one month only for the ~~inspection~~ of Horticultural Inspection and the Horticultural School and that provision for the wasteland and plantation has been omitted in the next year's budget

I am therefore to request you to be so good as to arrange to discontinue the Horticultural Inspectin, the Horticultural School, and the Wasteland Plantation Tuition with effect from 1st July 1931. ~~This is to inform you that in the letter No. 24 of 24.4.31 in the above~~ I am to add that a provision of Rs 1500/- for Fruit Nursery has been allowed in the next year's budget

I have etc
